

### LLQG January BOM 2022

Block Name: Album Patch

15 1/2 inches unfinished, 5 – 3 1/2 blocks per side.

I used 2 fat quarters (18 X 22 inches). SEW all seams right sides facing! I use ultra Thin pins because you Can sew over them. For matching points I Pin in the seam. I press open because its Easier to see where I'm Matching the seam points.

- 1) I used white and a purple/red color (that I don't know the name of). You need three strips of each color cut on the longest (22") side **1 1/2 inches wide**. Sew one white to one color strip using a **1/4 seam**, press seam open. The sew another white strip to the other side of the **color** strip producing a white/color/white strip. The strip in the center should be **1 inch wide** and the other two pieces should now be **1 1/4, trim down if needed!** Repeat only this time sew strips in order of color/white/color.
- 2) Cut the white/color/white strip into **8 - 1 1/2 inch strips**. Set aside the rest of this strip. Cut the color/white/color strip into **4 - 1 1/2 inch strips**, then cut the remaining of this strip into **4 - 3 1/2 inch squares**.
- 3) Take a white/color/white **1 1/2"** strip and attach it to a color/white/color **1 1/2"** strip matching seam pions. Finger press open. Next attach another white/color/white strip to the other side of the color/white/color strip and finger press open. Finished block should be **3 1/2"** square.  
Repeat 3 more times. You have now completed your 4 nine patch blocks!
- 4) Next cut **10 - 3 1/2" squares** from the remaining **white** fabric and **8 - 3 1/2" squares** from the remaining **colored** fabric.
- 5) Now follow the picture layout and sew all **25 - 3 1/2 blocks** together matching seam points when needed.
